July 13, 2022

Hafa Adai Parent/Guardian(s),

We are pleased to announce that SiFA Learning Academy Charter School has been granted accreditation status by the Accrediting Commission for Schools, Western Association of Schools and Colleges (WASC). Our school was granted accreditation status after the WASC team completed a virtual visit from May 16-20, 2022.

WASC accreditation validates the integrity of a school's program and transcripts, and is a certification to the public that the school is a trustworthy institution of learning and well-being for all students. Our school's accreditation status is a critical first step in the school's continuous improvement journey that involves all stakeholders in a deeper analysis of its program based on the WASC criteria through the self-study/visit process. To learn more about WASC accreditation, please visit the WASC website at www.acswasc.org.

We would like to express our heartfelt gratitude to our whole school community for their dedication and support. It truly takes a village, and we would not have been able to achieve this goal without our community of students, parents, faculty, staff and administration.

Biba SiFA!

Thank you,

J. de Guzman

Principal
